2026 Fees & Charges Preschool

Preschool Fees

The NSW State Government is targeting Preschools as part of the Start Strong Program that encourages parents to enrol their children into Preschool for at least 600 hours in the year before school. Research shows that children who participate in a quality childhood education program for at least 600 hours in the year before school are more likely to arrive at school equipped with the social, cognitive and emotional skills they need to engage in learning.

We encourage you to look at the "It Makes You Think" campaign promoting the benefits of participating in early childhood education via the interactive website [Strong Start Program Information](#)

Preschool Fees are calculated on the number of days per week of enrolment. Fees for Preschool are charged on a Term basis and are payable on the same schedule as other College fees. The Resources and Activities Levy does not apply to Preschool students. An annual Preschool Equipment Fee of \$85 per child is charged at the beginning of the year or upon commencement.
